INDEX TO VOLUME XXXVI

The asterisk * preceding the page number indicates an original article in the Journal. The letter T preceding the page number indicates a paper reported in the Transactions of the American Association of Neuropathologists. The letter D preceding the page number indicates a discussion of an original article or some other item published in the Journal. The letter B preceding the page number indicates a book review. Subject entries are made for all articles. Author entries are made for original articles and Society Transactions.

Abnormal myelin sheaths in multiple sclerosis, T625
Abnormality in sperm tail structure in the Wobbler mouse, T611
Abramsky, O., see Silberberg, D. H., T630
Acetylcholinesterase activity in denervated muscle of rabbits, electron microscopic-cytochemical and biochemical studies, *245
Acrylamide inactivation of pacinian corpuscle function: a freeze fracture study, T631
Actin, brain, characterization by electron microscopy, *398
Acute peripheral neuropathy in lead intoxicated suckling rats, T610
Adachi, M., Amsterdam, D., Brooks, S., Schneck, L., and Volk, B. W., transformed cells from fetal Tay-Sachs disease (TSD) induced by Simian virus 40 (SV40), T590
Adams, R., see Narayan, O., T618
Adams, R. J., see Cork, L. C., T598
Adriamycin produces ganglioradiculopathy in rats, T597
–, toxic effects on ganglia of peripheral nervous system, *907
Ageing, granulovacuolar degeneration in, *474
Agnew, W. F., Yuen, T. G. H., Pudenz, R. H., and Bullara, L. A., neuropathological effects of intracerebral platinum salt injections, *533
Aguayo, A. J., Mizuno, K., and Bray, G. M., Schwann cell transplantation: evidence for a primary sheath cell disorder causing hypomyelination in quaking mice, T595
–, see Boegman, J., T590
Alanosine–an antileukemic agent with glutamate-like neurotoxic properties, T619
Alvord, E. C., Jr., and Sumi, S. M., periventricular leukomalacia (PVL) and glial fatty metamorphosis (GFM) in the infant monkey – an experimental model, T591
–, see Shaw, C. M., T629
–, see Sumi, S. M., T632
Amaral, D. G., see del Cerro, M., T600
Ambler, M., see Pogacar, S., T623
Amromin, G. D., and Boder, E., ataxia-telangiectasia: autopsy findings in a 31-year-old woman, T591
Amsterdam, D., see Adachi, M., T590
6 AN myelopathy in the rat: histochemical changes in fast and slow twitch muscles, T613
Angioproliferative mechanisms in the growth of astrocytomas, T632
Antibody-dependent cell-mediated demyelination in the rabbit eye, T595
Anticonvulsant prolongation of survival in adult murine lymphocytic choriomeningitis. I. drug treatment and virologic studies, *9
–. II. ultrastructural observations of pathogenetic events, *21
Antigalactocerebroside antibody titer correlates with *in vitro* activity of myelination inhibiting antisera, T600
– serum demyelinates peripheral nerve *in vivo*, T627
Antigenic shift as a mechanism for relapsing encephalitis of visna – a slow viral infection of sheep, T618
Anton, A. H., see Azzarelli, B., *384
Architelencephaly, *197
Argyrakis, A., Pilz, H., Goebel, H. H., and Müller, D., ultrastructural findings of peripheral nerve in a preclinical case of adult metachromatic leukodystrophy, *693
Asbury, A. K., see Brown, M. J., T595
Aschenbrener, C. A., development of educational objectives for residency training in neuropathology, T591
–, method for evaluation of training programs in neuropathology, T592
Askanas, V., Engel, W. K., and Bethlem, J., leptomeres (Zebra bodies) in cultured abnormal human skeletal muscle, T592
Ataxia-telangiectasia: autopsy findings in a 31-year-old woman, T591
Attempts to induce chronic experimental allergic neuritis in Strain 13 and Hartley guinea pigs, *488
Atypical synapses in long-term cultures of mouse cerebellum, T609
Autilio-Gambetti, L., see Peck, K., T622
–, see Tessler, A. R., T634
Averill, D. R., Jr., and Bronson, R. T., inherited necrotizing myelopathy of Afghan Hounds, *734

INDEX TO VOLUME XXXVI

CONTENTS OF VOLUME XXXVI

Number 1, January, 1977

Presidential Address: Natural Metabolic Regulators as Antitumor Agents. F. Stephen Vogel, M.D., Durham, North Carolina i

Parkinsonism Following Encephalitis of Unknown Etiology. K. Miyasaki, M.D., and T. Fujita, M.D., Kobe, Japan 1

Anticonvulsant Prolongation of Survival in Adult Murine Lymphocytic Choriomeningitis. I. Drug Treatment and Virologic Studies. D. L. Camenga, M.D., D. H. Walker, M.D., and F. A. Murphy, D.V.M., Ph.D., Atlanta, Georgia 9

Anticonvulsant Prolongation of Survival in Adult Murine Lymphocytic Choriomeningitis. II. Ultrastructural Observations of Pathogenetic Events. D. H. Walker, M.D., D. L. Camenga, M.D., S. Whitfield, M.S., and F. A. Murphy, D.V.M., Ph.D., Atlanta, Georgia 21

The Ethnic Distribution of Primary Central Nervous System Tumors: AFIP, 1958 to 1970. K-J. Fan, M.D., J. Kovi, M.D., and K. M. Earle, M.D., Washington, D.C. .. 41

A Comparison of Total Body and Local Spinal Cord Irradiation in Experimental Allergic Encephalomyelitis. W. H. Oldendorf, M.D., and E. M. Cornford, Ph.D., Los Angeles, California 50

Intracisternal A and Bar-Shaped Particles in Murine Neuroblastoma C 1300. M. Hayano, M.D., J. H. Sung, M.D., C. W. Song, Ph.D., and J. J. Clement, Ph.D., Minneapolis, Minnesota 62

Effect of Bilateral Nerve Injury on the Migration of Labelled Mononuclear Cells to Hypoglossal Nuclei. M. B. Young, Ph.D., Galveston, Texas 74

Quantitative Evaluation of Spinal Cord Lesions in Canine Globoid Leukodystrophy. T. F. Fletcher, D.V.M., Ph.D., C. R. Jessen, D.V.M., Ph.D., and A. P. Bender, B.A., M.S., St. Paul, Minnesota 84

Muscular Dysgenesis in the Mouse (mdg/mdg) I. Ultrastructural Study of Skeletal and Cardiac Muscle. B. Q. Banker, M.D., Cleveland, Ohio 100

Further Observations on Subacute Necrotizing Encephalomyelopathy in Adults. I. Feigin, M.D., and G. N. Budzilovich, M.D., New York, New York 128

Electron Microscopic Observations of the Mechanisms of Terminal Club Formation in Transected Spinal Cord Axons. C. C. Kao, M.D., L. W. Chang, Ph.D., and J. M. B. Bloodworth, Jr., M.D., Madison, Wisconsin 140

Stimulation of Lymphocytes by Cholinergic Receptor in Myasthenia Gravis. B. M. Conti-Tronconi, F. Di Padova, M. Morgutti, A. Missiroli, and L. Frattola, Milano, Italy 157

Lead Encephalopathy in Neonatal Long-Evans Rats: Morphologic Studies. M. F. Press, Ph.D., Chicago, Illinois 169

Selected Neuropathological Titles 194

Number 2, March, 1977

An Unusual Malformation of the Forebrain and Concomitant Destructive Encephalopathy with Calcifications. C. Haberland, M.D., and M. Perou, M.D., Chicago, Illinois 197

The Pathogenesis of Reactive Axonal Swellings: Role of Axonal Transport. J. W. Griffin, M.D., D. L. Price, M.D., W. K. Engel, M.D., and D. B. Drachman, Baltimore, Maryland 214

Meningeal Carcinomatosis: Development of an Experimental Model. Y. Ushio, M.D., N. L. Chernik, M.D., J. B. Posner, M.D., and W. R. Shapiro, M.D., New York, New York 228

Electron Microscopic-Cytochemical and Biochemical Studies of Acetylcholinesterase

Activity in Denervated Muscle of Rabbits. V. M. TENNYSON, PH.D., L. T. KREMZNER, PH.D., AND M. BRZIN, PH.D., New York, New York, and Lujubljana, Yugoslavia ... 245
Ultrastructural Studies of the Dying-Back Process. III. The Evolution of Experimental Peripheral Giant Axonal Degeneration. P. S. SPENCER, PH.D., AND H. H. SCHAUMBURG, M.D., Bronx, New York ... 276
Ultrastructural Studies of the Dying-Back Process. IV. Differential Vulnerability of PNS and CNS Fibers in Experimental Central-Peripheral Distal Axonopathies. P. S. SPENCER, PH.D., AND H. H. SCHAUMBURG, M.D., Bronx, New York ... 300
Ponto-Cerebellar Atrophy Combined with Vestibular-Reticular Degeneration. M. A. NEUMANN, Washington, D.C. ... 321
Temporary Regional Cerebral Ischemia in the Cat. A Model of Hemorrhagic and subcortical Infarction. Y. KAMIJYO, M.D., J. H. GARCIA, M.D., AND J. COOPER, Baltimore, Maryland ... 338
An Ultrastructural Study of Chronic Sodium Cyanate-Induced Neuropathy. I. TELLEZ-NAGEL, M.D., J. K. KORTHALS, M.D., H. V. VLASSARA, M.D., AND A. CERAMI, PH.D., Bronx, New York, and New York, New York ... 351
Subacute Necrotizing Encephalomyelopathy in a Neonatal Infant. I. FEIGIN, M.D., AND H. S. KIM, M.D., New York, New York ... 364
An Unusual Intracerebral Connective Tissue Mass. N. WILLSON, M.D., M. A. KAUFMAN, M.D., AND S. M. BODANSKY, B.S., New York, New York ... 373
Neuromelanin and RNA in Cells of Substantia Nigra. D. M. A. MANN, PH.D., P. O. YATES, F.R.C. PATH., AND C. M. BARTON, Manchester, England ... 379
Central Neuroblastoma. Electron Microscopic Observations and Catecholamine Determinations. B. AZZARELLI, M.D., D. E. RICHARDS, M.D. (deceased), A. H. ANTON, PH.D., AND U. ROESSMANN, M.D., Cleveland, Ohio ... 384
Further Characterization of Brain Actin by Electron Microscopy. J. SCHWARTZ, PH.D., S. BERI, M.D., W. J. NICKLAS, PH.D., C. MAHENDRAN, PH.D., W. O. WHETSELL, JR., M.D., AND T. S. ELIZAN, M.D., New York, New York ... 398
Selected Neuropathological Titles ... 411

NUMBER 3, MAY, 1977

Fine Structure of the Cerebellum of "Staggerer-Reeler", A Double Mutant of Mice Affected by Staggerer and Reeler Conditions. I. The Premature Disappearance of the External Granular Layer and Ensuing Cerebellar Disorganization. C. H. YOON, PH.D., Chestnut Hill, Massachusetts ... 413
Fine Structure of the Cerebellum of "Staggerer-Reeler", A Double Mutant of Mice Affected by Staggerer and Reeler Conditions. II. Purkinje Cell Anomalies. C. H. YOON, PH.D., Chestnut Hill, Massachusetts ... 427
Fine Structure of the Cerebellum of "Staggerer-Reeler", A Double Mutant of Mice Affected by Staggerer and Reeler Conditions. III. Bergmann Fiber Anomalies. C. H. YOON, PH.D., Chestnut Hill, Massachusetts ... 440
Neurofilamentous Changes in Goldfish (Carassius auratus L.) Brain in Relation to Environmental Temperature. B. I. ROOTS, PH.D., AND R. L. BONDAR, Mississaugo, Ontario, Canada ... 453
H^3T-Labelled Blood Cells in the CNS Response to Axotomies at Various Times After Isotope Injection. M. B. YOUNG, PH.D., Galveston, Texas ... 465
Granulovacuolar Degeneration in the Ageing Brain and in Dementia. M. J. BALL, M.D., F.R.C.P. (C), AND P. LO, M.SC., London, Ontario, Canada ... 474
Attempts to Induce Chronic Experimental Allergic Neuritis in Strain 13 and Hartley Guinea Pigs. D. H. SNYDER, M.D., S. H. STONE, D.SC., AND C. S. RAINE, PH.D., D.SC., Bronx, New York, and Bethesda, Maryland ... 488
Lead Neuropathy: 1) Morphometry, Nerve Conduction, and Choline Acetyltransferase Transport: New Finding and Endoneurial Edema Associated with Segmental Demyelination. A. OHNISHI, M.D., K. SCHILLING, B.S., W. S. BRIMIJOHN, PH.D., E. H. LAMBERT, M.D., PH.D., V. F. FAIRBANKS, M.D., AND P. J. DYCK, M.D., Rochester, Minnesota ... 499

Methylazoxmethanol-Induced Aberrant Purkinje Cell Dendritic Development. T. H. HARTKOP, M.S., AND M. Z. JONES, M.D., East Lansing, Michigan 519
Neuropathological Effects of Intracerebral Platinum Salt Injections. W. F. AGNEW, PH.D., T. G. H. YUEN, PH.D., AND L. A. BULLARA, B. S., Pasadena, California 533
Comparative Effects of Herpes Simplex Virus Types 1 and 2 in Organotypic Cultures of Mouse Dorsal Root Ganglia. W. O. WHETSELL, JR., M.D., J. SCHWARTZ, PH.D., AND T. S. ELIZAN, M.D., New York, New York 547
The Choroid Plexus in Passive Serum Sickness. N. S. PERESS, M.D., F. MILLER, M.D., AND W. PALU, B.S., Stony Brook, New York 561
An In Vitro Study of the Susceptibility of Cell from a Meningioma of Human Origin for Measles Virus. H. FLEURY, M.D., T. FORSEY, B.SC., AND P. DUPASQUIER, M.D., Bordeaux, France 567
Lead Neuropathy: 2) Random Distribution of Segmental Demyelination Among "Old Internodes" of Myelinated Fibers. P. J. DYCK, M.D., P. C. O'BRIEN, PH.D., AND A. OHNISHI, M.D., Rochester, Minnesota 570
Differential Radiosensitivity of Mouse Embryonic Neurons and Glial in Cell Culture. R. DAMBERG, B.SC., AND C. KIDSON, M.D., PH.D, Brisbane, Australia 576
Selected Neuropathological Titles 586
Abstracts, American Association of Neuropathologists, 53rd Annual Meeting 590
Erratum: Y. KAMIJYO, H. H. GARCIA, AND J. COOPER 644

NUMBER 4, JULY, 1977

Identification of Glial Fibrillary Acidic Protein by the Immunoperoxidase Method in Human Brain Tumors. P. E. DUFFY, M.D., L. GRAF, M.D., AND M. M. RAPPORT, PH.D., New York, New York 645
Ultrastructural and Histological Studies of Brains of Ferrets Inoculated with Subacute Sclerosing Panencephalitis: Similarities to Human. H. R. BROWN, B.A., G. A. JERVIS, M.D., AND H. THORMAR, Staten Island, New York 653
Changes in Neonatally Induced Cerebral Lesions with Advancing Age. F. H. GILLES, M.D., D. R. AVERILL, D.V.M., AND C. KERR, Boston, Massachusetts 666
Ultrastructural Effects of Herpes Simplex Virus Type 2 Infection of Rat Dorsal Root Ganglia in Culture. R. J. ZIEGLER, PH.D., AND R. S. POZOS, PH.D., Duluth, Minnesota 680
Ultrastructural Findings of Peripheral Nerve in a Preclinical Case of Adult Metachromatic Leukodystrophy. A. ARGYRAKIS, M.D., H. PILZ, PH.D., H. H. GOEBEL, M.D., AND D. MÜLLER, M.D., Gottingen, Germany 693
Fine Structure of Medulloepithelioma. A. POLLAK, M.D., AND R. L. FRIEDE, M.D., Zurich, Switzerland 712
The Immunopathophysiological Effects of Chronic Serum Sickness on Rat, Choroid Plexus, Ciliary Process and Renal Glomeruli. N. S. PERESS, M.D., F. MILLER, M.D., AND W. PALU, B.S., Northport, New York 726
Inherited Necrotizing Myelopathy of Afghan Hounds. D. R. AVERILL, JR., D.V.M., AND R. T. BRONSON, D.V.M., Boston, Massachusetts 734
Maturation and Anaplasis in Neuronal Tumors of the Peripheral Nervous System: With Observations on the Glial-Like Tissues in the Ganglioneuroblastoma. I. FEIGIN, M.D., AND M. COHEN, M.D., New York, New York 748
Selected Neuropathological Titles 764

NUMBER 5, SEPTEMBER, 1977

Suprasellar Neoplasm with a Granular Cell Component. R. L. FRIEDE, AND M. G. YASARGIL, Zurich, Switzerland 769
Peripheral Nerve Changes Induced by Local Application of Bee Venom. J. SAIDA, M.D., J. R. MENDELL, M.D., AND Z. SAHENK, M.D., Columbus, Ohio 783
The Nodes of Ranvier in the Nerves of Mice with Muscular Dystrophy. W. G. BRADLEY, M.A., B.SC., D.M., F.R.C.P., E. JAROS, M.SC., AND M. JENKISON, F.I.M.L.T.,

Newcastle Upon Tyne, England 797
Mannosidosis: Pathology of the Nervous System. J. H. Sung, M.D., M. Hayano, M.D., and Robert J. Desnick, Ph.D., M.D., Minneapolis, Minnesota 807
Changes in Nerve and Muscle Produced by Long-Term Nerve Ligation. R. B. Wuerker, M.D., Irvine, California 821
The Effects of Nortriptyline and Mesoridazine on Neurons and Glia In Vitro. M. L. Grunnet, M.D., Salt Lake City, Utah 835
Replication of Measles Virus in a Cell Culture From a Glioblastoma of Human Origin. H. Fleury, M.D., and P. Du Pasquier, M.D., Bordeaux, France 842
The Morphometric Myelinated Fiber Composition of D11 as Compared to L3, L4 and L5 Ventral Spinal Roots of Man. Y. Kawamura, M.D., and P. J. Dyck, M.D., Rochester, Minnesota 846
Lumbar Motoneurons of Man. I: Number and Diameter Histogram of Alpha and Gamma Axons of Ventral Root. Y. Kawamura, M.D., H. Okazaki, M.D., P. C. O'Brien, Ph.D., and P. J. Dyck, M.D., Rochester, Minnesota 853
Lumbar Montoneurons of Man. II: The Number and Diameter Distribution of Large- and Intermediate-Diameter Cytons in "Motoneuron Columns" of Spinal Cord of Man. Y. Kawamura, M.D., P. O'Brien, Ph.D., H. Okazaki, M.D., and P. J. Dyck, M.D., Rochester, Minnesota 861
Selected Neuropathological Titles 871

Number 6, November, 1977

Scanning Electron Microscopy of Neoplasms Removed at Surgery: Surface Topography and Comparison of Meningioma, Colloid Cyst, Ependymoma, Pituitary Adenoma, Schwannoma and Astrocytoma. P. E. McKeever, M.D., Ph.D., and N. T. Brissie, B.A., Charleston, South Carolina, and Bethesda, Maryland 875
Complex Oligodendroglial Invaginations Within Myelinated Nerve Fibers of the Central Nervous System During Axonal Degeneration. J. D. Balentine, M.D., Charleston, South Carolina 897
Toxic Effects of Adriamycin on the Ganglia of the Peripheral Nervous System: A Neuropathological Study. E-S. Cho, M.D., Newark, New Jersey 907
Effects of Single Dose Supervoltage Whole Brain Radiation in Macaca Mulatta. T. L. Kemper, M.D., R. O'Neill, and W. F. Caveness, M.D., Boston, Massachusetts, and Bethesda, Maryland 916
Biochemical and Behavioural Effects of Inhalation Exposure to Tetrachlorethylene and Dichlormethane. H. Savolainen, M.D., P. Pfäffli, M.Sc., M. Tengén, M.Sc., and H. Vainio, M.D., Helsinki, Finland 941
Computer Assisted Tomography of Focal Cerebral Radiation Necrosis in the Monkey. R. R. O'Neill, B.S., S. Wakisaka, M.D., and B. L. Malamut, B.A., Bethesda, Maryland 950
Lumbar Motoneurons of Man: III. The Number and Diameter Distribution of Large- and Intermediate-Diameter Cytons by Nuclear Columns. Y. Kawamura, M.D., and P. J. Dyck, M.D., Rochester, Minnesota 956
Hemochromatosis Associated with Brain Lesions. A Disorder of Trace-Metal Binding Proteins and/or Polymers? K. Miyasaki, M.D., S. Murao, M.D., and N. Koizumi, M.D., Kobe, Japan 964
Editorial Announcement 977
Book Reviews 978
Selected Neuropathological Titles 982
Index to Volume XXXVI 988
